

## Which Prime Lenses Cover Which Sensor Size? Updated 11/29/19

This chart is designed to show which lenses cover which camera shooting formats.

We only shows lenses which completely cover the sensor with no vignetting. A small amount of illumination falloff is acceptable if it is part of the lens design.

If your chosen camera/ shooting format is not shown, use the table with the image circle Ø that is closest to your format: https://www.omnicalculator.com/math/diagonal-of-rectangle
