

## Which Zoom Lens Cover Which Sensor Size?

Updated 2/16/20

This chart is designed to show which lenses cover which camera sensor formats.

It only shows lenses which completely cover the sensor with no vignetting. Illumination falloff is acceptable if it is part of the lens design.

If your chosen camera sensor is not shown, find the table with the image circle Ø that is closest to your format: <https://www.omnicalculator.com/math/diagonal-of-rectangle>
